California Judges Target of Grand Jury Demand: Full Disclosure Network Report®

PR Newswire

WASHINGTON, Sept. 7 /PRNewswire/ -- The latest **Full Disclosure Network® Report** on California Judicial Corruption and the case of jailed attorney **Richard I. Fine, Ph.D** who has been held in solitary "Coercive Confinement" is now available online. Part of an on-going 2009-2010 cable television series and breaking video news this Exclusive Report can be viewed on the Full Disclosure Website at <http://blog.fulldisclosure.net/2010/08/obstruction-of-justice-california.html>

FEDERAL & STATE INDICTMENTS SOUGHT

Dr. Richard I. Fine, a prominent 70-year-old former U.S. Prosecutor who served in the Department of Justice Anti-Trust Division in Washington D. C., has filed a [demand for Grand Jury investigations](#), naming twenty-two California Judges whom he claims have been obstructing justice in the U. S. and California Courts. The demand was submitted to U.S. Attorney General **Eric Holder**, California's A.G. **Edmund G. (Jerry) Brown, Jr.**, Los Angeles County District Attorney **Steve Cooley** and U.S. Attorney **Andre Birotte, Jr.** <http://fulldisclosure.net/Documents/AGsGrandJuryInvestigation9-2-10.pdf>

OBSTRUCTION OF JUSTICE

The Demand submitted by Fine cites specific cases where illegal payments to Judges led to obstruction of justice, including one such case where State Superior Court Judge **David P. Yaffe** admitted in court testimony to taking the illegal payments. Fine also cites where Judge Yaffe admitted in his [Minute Order on July 13, 2010](#) that he lied to the higher courts when ruling against him following Fine's petition to the U.S. Supreme Court citing "Fraud Upon the Court"

JUDGE YAFFE RESIGNS

It is believed the unexpected resignation of State Superior Court **Judge David P. Yaffe** a few weeks ago was prompted by both the **Richard I Fine** case and the [Sturgeon vs. County of L.A.](#) case won by the **Judicial Watch** organization. The November 2008 *Sturgeon* ruling held the County payments to State Judges were illegal. The California Judicial Council quietly slipped through state legislation ([Senate Bill SBx2-11](#)) in February 2009 at the height of the budget crisis attempting to legalize the payments. The questionable law calls for retroactive immunity from criminal and civil prosecution for all California Judges and government officials involved in the scheme.
